- ❑ PECC strives to support, satisfy, & motivate its work-force of qualified & experienced employees.
- ❑ PECC Strives to become the leading Engineering & Electrical Infrastructure Utility Contractor in the Middle East regions.
- ❑ PECC strives to keep Client Satisfaction and engagement at its highest regard, at all times.

HARISH CHANDER CHHIMWAL

Managing Director

PRIME ELECTRICAL CONTRACTING CO. LLC

QUALITY POLICY

Our Quality Policy is to identify & embrace the needs of our customers and satisfy them by our quality products and services delivered on time, in conformance with their requirements, by professionally trained & Experienced employees.

To implement this policy, PECC will always ensure:

- ✓ Implementation and sustaining a Quality System comply with the requirements of ISO 9001:2015.
- ✓ Monitoring the electrical installation processes towards building quality into our systems & services.
- ✓ Systematically evaluate and monitor the performance of our sub-contractors to assure the quality of sub-contracted services.
- ✓ To strive for continuous improvements through systematic identification of the root causes behind the non-conformities and subsequent elimination of the same.
- ✓ To provide timely delivery of our services to our customers.
- ✓ To ensure the involvement and upgrading the skills of the employees through training & knowledge sharing –lessons learnt.
- ✓ To maintain and protect confidentiality & proprietary rights of the customers.
- ✓ To abide local laws & regulations.

The quality policy and its objectives are mandatory to all employees of PECC & its Sub-Contractors to follow strictly.

HARISH CHANDER CHHIMWAL

Managing Director

PRIME ELECTRICAL CONTRACTING CO. LLC

HEALTH, SAFETY & ENVIRONMENT POLICY (HSE)

P rime Electrical Contracting Co LLC fully accepts its responsibility for providing a safe working environment and is totally committed to promoting and maintaining the highest standards of health, safety and environmental management within all Company activities. To realize this vision, all Prime Electrical Contracting Co LLC operations and employees shall work together to protect the quality of the environment and the health and safety of our employees, stakeholders, and neighbors.

Prime Electrical Contracting Co LLC has in place a Health, Safety and Environmental management system for all our activities that drives continual improvement. The HSE Management System outlines HSE accountabilities to implement this Policy, and requires that we:

- ✓ Establish and maintain an HSE Management System that facilitates a structured approach to the management of HSE risk;
- ✓ Identify and manage risks to as low as reasonably practicable where they have the potential to cause an accident, injury or illness to people, or unacceptable impacts on the environment or the community;
- ✓ Provide adequate human, financial and time resources to ensure the effectiveness and sustainability of the HSE Management System;
- ✓ Provide safe work places and systems of work, empower employees and contractors to address unsafe or hazardous situations and carry out their work in a manner that does not present a risk to themselves, others or the environment;
- ✓ Keep up-to-date with relevant health, safety and environmental legislative obligations. Achieve and maintain compliance with these obligations;
- ✓ Set objectives and targets which promote the efficient use of energy and resources, the minimization of wastes and emissions and the prevention of pollution;
- ✓ Promote a safe culture that encourages people to proactively manage health safety and environmental risk through education, instruction, information and supervision;
- ✓ Clearly define and communicate staff and contractor responsibilities in relation to health and safety;
- ✓ Require Contractors to manage HSE using standards and practices that accord with this Policy;
- ✓ Monitor own operations and those of our contractors by evaluating performance against systems, procedures and regulations, report HSE performance whilst providing a foundation for continuous improvement.

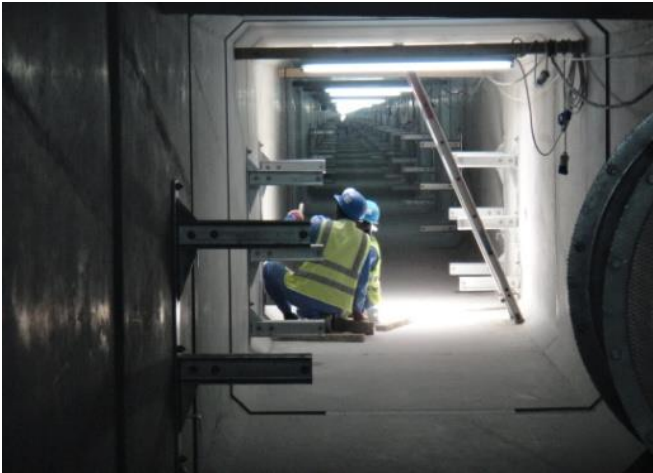

The Managing Director is accountable for communication of this policy and for compliance with its undertakings. The Chief Operating Officer will ensure the effective implementation, management and monitoring of the HSE Management System and its subsequent outcomes.

While management carries these accountabilities and responsibilities, if they are to be fully effective, responsibility and accountability for health, safety and environment must be owned by all employees and contractors of Prime Electrical Contracting Co LLC. This will be demonstrated by everyone showing awareness, understanding and compliance with regulatory and company HSE standards and requirements.
